

REQUIREMENTS FOR COMPLIANCE WITH MANDATORY SERVICES

Since April 1, 2022, ALL tenants are required to participate in recycling and mixed organics collection services, including separating ALL landscaping waste, food scraps, and food-soiled paper (100% fiber-based).

Why Comply?

These mandatory services are required by State and local law to increase waste diversion and reduce landfill waste and greenhouse gas emissions. By participating, you are part of the solution in helping to protect our environment for future generations.

Requirements for Tenants

- Residents must properly separate their recyclables and mixed organics and use the correct containers provided by your management company.

Resources

Keep a copy of the enclosed flyer in all places where trash is collected in your home to remind you on proper container usage and put them up in the common areas to remind your neighbors. More information can be found on our website (wasteresources.com/glendale) or the City's Business and Multi-Family page (tinyurl.com/2dr5pd2u).

information

Waste Resources is here to support you and your landlord with this program and will provide training and resources to help you succeed. Talk to your landlord about scheduling a presentation at your next HOA/Tenant meeting, setting up an information table in lobby, or meeting with tenants another way in order to help you and your building comply with the requirements.

Our customer service team is available Mon-Sat 7am-5pm and to answer any questions you may have about your services by phone (888-467-7600) or email (glendale@wasteresources.com).

Please visit our website for expanded service information, FAQ's, and links to other resources. "Like" us on [Facebook](#) and "Follow" us on [Twitter](#) and [Instagram](#) to keep up to date on holiday closures and events that promote recycling and waste minimization.

Thank you for your cooperation and participation in this mandatory program.
